

# Meet QIASprint Connect

Breaking the limits of automated sample preparation – no tradeoffs

## Scale smarter

Process up to 2 × 96 samples with minimal manual intervention so your team can focus on science, not set-up.

## Flex freely

Choose pre-programmed or fully customizable protocols, plus a versatile application range that covers many sample types.

## Waste less

Use a novel consumable design that cuts plastic waste by up to 50% without compromising performance.
